

# ACCESSIBILITY STATEMENT

[aiquos.tech](https://aiquos.tech)

## Compliance Status

AiQUOS (hereinafter, also the Website) is partially in compliance with Royal Decree 1112/2018, of 7 September, due to the lack of conformity of the aspects indicated below.

## Non-accessible content

The content below is not accessible for the following reasons:

- a. **Lack of compliance with RD 1112/2018:** Not applicable. It meets 100% of the web accessibility criteria.
- b. **Disproportionate burden:** Not applicable.
- c. **Content does not fall within the scope of applicable law:**
  - There may be office files in PDF and other formats published before September 20, 2018 that do not fully meet all accessibility requirements. Although it has been tried that most of them do comply with it.
  - There may be third-party content that is not developed in this Unit or under its control, such as images, interactive maps, videos, documents, players, etc.
  - There may be pre-recorded files published before September 20, 2018 that do not fully meet all accessibility requirements.
  - Parts or all of the website may be created with a CMS (WordPress, Shopify, PrestaShop, etc.), so due to some update or change in the systems, not all generated or auto-generated content may comply with all accessibility regulations.

## Preparation of this accessibility statement

This statement was prepared on 26/11/2024

The method used to prepare the return has been a self-assessment carried out by the company itself.

Last revision of the statement: 26/11/2024

## Observations and contact details

You can make communications about accessibility requirements (article 10.2.a of Royal Decree 1112/2018, of 7 September) such as:

- To report any possible non-compliance by this website.
- Transmit other difficulties in accessing the content.
- To make any other queries or suggestions for improvement regarding the accessibility of the website.

Through the following channels:

- Email: [info@aiquos.tech](mailto:info@aiquos.tech)

- Telephone:-

In accordance with article 10.2.b of RD 1112/2018, you can also submit:

- A complaint regarding compliance with the requirements of RD 1112/2018.
- A request for accessible information concerning:
  - Content that is excluded from the scope of RD 1112/2018 as established by Article 3, section 4.
  - Content that is exempt from compliance with accessibility requirements because it imposes a disproportionate burden.

In the Request for Accessible Information, the facts, reasons and request must be clearly specified to verify that it is a reasonable and legitimate request.

Communications will be received and processed by the company's management, as the unit responsible for the contents of this website.

## Optional content

The currently visible version of this website is from 26/11/2024 and on that date the accessibility level in force at that time was reviewed.

From that date onwards, partial daily reviews of new or modified web content are carried out, both of the templates and of the final pages and documents published, in order to ensure compliance with the accessibility requirements of the UNE-EN 301549:2022 Standard, considering the exceptions of Royal Decree 1112/2018, of 7 September.

Among others, the following measures are adopted to facilitate accessibility:

- Use of alternative text in images.
- Links provide details of the hyperlink's function or destination.
- Use of W3C standards: XHTML 1.0, CSS 3.0, WAI AA.

## Compatibility

The website:

- it has been designed to adapt to current standards and regulations in relation to accessibility, complying with the priority 2 (AA) verification points defined in the specification of Web Content Accessibility Guidelines (WCAG 2.1)
- It is optimized for the latest current versions of Chrome, Edge, Firefox, Safari and Opera It is designed for correct display in any resolution and desktop, tablet or mobile device (responsive design) has been made using HTML5 as a markup language and CSS 3 style sheets for its design.

In addition, continuous work is carried out to audit and review content to facilitate its interpretation and improve navigation through the web portal.
